

MINNESOTA LAWYERS MUTUAL

INSURANCE COMPANY

Protecting Your Practice is Our Policy.®

By Lawyers, For Lawyers

The late 1970s and early 1980s were turbulent times for lawyers seeking legal malpractice insurance. Increases in claims frequency and severity led to soaring premiums and limited coverage. Rates doubled as carriers cut back on coverage. MLM was established in 1982 by the Minnesota State Bar Association to provide Minnesota attorneys with stable professional liability insurance and risk management services. MLM has since expanded its insurance and services to 15 states.

Financial strength and stability remain our primary objectives, as they have been for 40 years. MLM has achieved an enviable reputation and has earned tremendous loyalty from its insureds all while the organization maintained its initial vision: lawyers' professional liability insurance through a mutual company run by and for the benefit of the policyholders.

We are looking ahead.

Our Board of Directors continues the storied tradition of those who founded this company. MLM understands the issues lawyers face.

We are here to help.

Much has been accomplished in support of lawyers, but there is much more to be done. We are positioned as a leader in our industry due largely to our financial strength, our responsiveness to the unique needs of our constituents and our competitive pricing.

We welcome you.

Other insurance companies see you as a number. Because we were founded by attorneys and governed by an all attorney board of directors, we are closely aligned with your interests. At Minnesota Lawyers Mutual, you are an owner with a stake in the company.

Efficient, Accountable, Permanent

MLM is committed to being an efficient, accountable and permanent risk management resource to members of the legal community. Risk management encompasses the entire range of products and services, including insurance, that are employed to mitigate or remove the danger to lawyers from errors and omissions or other professional risks.
